

RS200

The full-control read station

This desktop-style “black box” optimized reader has a large opening measuring measuring at 8” tall by 14” wide that is perfect for jewelry trays, diamond boxes, and inventory bins. It’s the true one-stop device for tag reading due to its built in processor. It also includes both LED indicator and interior lights for advanced user convenience.

Features:

- Built in processor
- Large opening
- Reads large quantities of tags

Dimensions:

- 15” D x 16” W x 12” H
